Cowboy Country	CC-16-40	Friends of Black Rock High Rock	KFBR 91.5 FM Radio Programming	\$3,000.00	\$0.00	\$4,500.00	Funds will be instrumental in developing these radio pieces. Friends already has a studio and equipment to produce the materials but we need assistance for professional editing and development of scripts. We will produce a banner or low-cost billboard with these funds to create local awareness.	KFBR 91.5 FM is a community radio station that serves northern Washoe County. The Marketing Grant Program is intended to reach visitors beyond a 100 mile radius, therefore funding is denied.
Cowboy Country	CC-16-41	Friends of Black Rock High Rock	Black Rock High Rock Brochure	\$2,500.00	\$2,000.00	\$3,500.00	Funds will be utilized to design, print and distribute our new brochures. Targeted locations include sporting stores, ATV outlets, and "burner-friendly" locations in Reno and along I-80 and Hwy 20 in California. We will also distribute brochures at our trade show events and they will be available at our government agency (BLM) partner offices.	The new brochure will be a stronger engagement piece, encouraging people to come experience rural Nevada in ways they would not do on their own. For example, at their annual Black Rock Rendezvous (an event highlighted in the new brochure), most people who are new to the desert are thankful that there are guides to lead tours, they become more comfortable returning on their own for more extended time frames.

Cowboy Country	CC-16-42	Friends of Black Rock High Rock	Website Updates	\$5,000.00	\$3,000.00	\$6,000.00	Funds will help offset costs related to web-hosting, domain, web maintenance and programming. Upgrades to software are needed to ensure the site runs smooth across multiple platforms including desktop computers and mobile devices. Funds will also help increase our presence on social media sites as we are preparing a series of targeted posts and paid online advertising to generate interest in our primary tourism-drawing events: Black Rock Rendezvous (May), Perseids Meteor Shower event (August), Artist-in-Residence Program (Summer), and Wild & Scenic Film Festival (Summer). The website will also promote the radio station project so some of the funds may be used for integration of that project into our primary website.	BlackRockDesert.org is the leading source of information for visitors to the region, so it is vital that all information is current and leaves visitors with a positive experience. Through additional SEO and Online advertising (mostly via Facebook promoted posts), the project will increase traffic (and solidify repeat visitors) to their website, resulting in an increase in tourism to their remote, yet somewhat famous, location.
Cowboy Country	CC-16-43	Pershing County Chamber of Commerce	Business Revitalization	\$20,000.00	\$2,000.00	\$40,000.00	We will be utilizing funds to pay for signage, rebranding, TV spots, radio and articles placed by Abbi Agency.	Pershing County is looking to re-brand and refocus their efforts on tourism and business in Pershing County. They have thoughtfully been working one step and grant at a time to put this in place. TravelNevada recently funded a series of videos that they would like turned into tourism-based commercials for Pershing County. This award will help fund the production of those commercials. Due to very limited funding in this cycle the organization should reapply for other components in this application in the 1st cycle FY2017.

Cowboy Country	CC-16-44	Safe Haven Rescue Zoo	Intern Housing	\$25,000.00	\$0.00	\$150,005.00	Funds will be utilized to begin Phase 1 of what we conceive as a two-phase project with construction in 2016 and 2017. Grants from the Division of Tourism and others directed to this project will allow us to dedicate other monies to wildlife care.	The funding requested for this project does not comply with the grant guidelines for rural marketing grants. This project should be submitted under the Projects Relating to Tourism grant program.
Cowboy Country	CC-16-45	Battle Mountain Chamber of Commerce	Visitor Guide	\$2,000.00	\$2,000.00	\$4,000.00	The funds will be used to cover the cost, production and printing of 1,000 visitor guides.	Battle Mountain has seen an increase in economic development over the past three years and receive many requests for information about the town and surrounding area. This project would allow them to update the visitor's guide and include the 2016 events planned.
Cowboy Country	CC-16-46	Lander County Convention & Tourism Authority	Battle Mountain Pro Rodeo Advertising	\$1,500.00	\$1,500.00	\$3,000.00	Part of the grant will be used for radio ads in Nevada and Idaho. We will also be printing posters to distribute throughout several states.	Grant funds will be used for radio ads and promotional materials.
Cowboy Country	CC-16-47	Lander County Convention & Tourism Authority	Raceway & Motocross Marketing	\$5,000.00	\$3,000.00	\$8,000.00	The grant will be used to advertise on multiple radio stations in Nevada and Idaho. For the 2015 racing season we were able to run 500 ads during the Motocross season and approximately 1,000 ads during the Raceway season. Each radio station had multiple areas, channels and demographics we were able to target.	This project will help the Lander County Convention and Tourism Authority effectively advertise their racing seasons to potential out of town spectators and racers. LCCAT works directly with each radio station to provide the ad copy and approve each ad before it runs. Due to limited funding this cycle, this award only funds out-of-state advertising.

The California Trail Interpretive Center is a world class interpretive facility for the American people, a source of civic pride, and an economic engine for the region. In 2015, the California Trail Interpretive Center realized a 22% increase in visitation as a result of their enhanced marketing efforts, of which print advertising in Nevada Magazine and the Visitor Guide were a part. This requested funding will be used to continue print marketing that has been so effective in the past and is part of their overall comprehensive strategy. Nevada Silver Trails	NST-16-49	Nevada Silver Trails	Events Aerial Video Footage	\$2,000.00	\$2,000.00	\$3,500.00	Funds will be used to create hi-res aerial video footage of various rural events around the Territory. Such footage will allow NST to showcase local events in the rural areas on our web site and promote visitation to these events - as well as to the areas in general. Aerial footage is a great way to show the attendance give a unique perspective to the events and provide a "wow" factor to the video. As technology becomes more sophisticated people are expecting a higher quality of video on web sites. It becomes important to include such footage of a "birds-eye-view" of events cut into standard street-level video to give a fun and adventurous look at the rural communities and their individual cultural events.	NST would like to film 4K HD aerial video of various Territory events (i.e. Jim Butler Days, Pioche Labor Day, Beatty Days, etc.) for use on the NST web site and at other promotional events (trade shows, etc.). Filming would occur over a minimum one-year period to provide the ability to attend all annual Territory events. Filming would be completed on a minimum of three (3) events in the one year period with selected events determined by the NST Board of Directors. NST is looking to create high-quality event footage for promotional usage as either individual, stand-alone event videos or folded into professional Territory-wide video production as appropriate.

Pony Express Territory	PE-16-58	White Pine County Tourism & Recreation Board	International Print Campaign	\$3,000.00	\$3,000.00	\$6,000.00	The primary audience of this targeted advertising includes all major members of the Union Internationale de Spéléologie - an international umbrella organization dedicated to cave science. This represents an international audience of 36,000 plus another 10,000 domestic targets located on the east coast of North America. Trade magazines impacting this audience are scientific and exploratory in nature and are not included in the marketing channels typically engaged by traditional Nevada ad placements. This grant will allow us to target those consumers directly.	In July of 2016, Ely, Nevada will host the 75th anniversary convention of the National Speleological Society (caves.org). The NSS is the largest organization in the world dedicated to cave exploration and ecotourism. The society's membership includes professional scientists and explorers from across the nation and many foreign countries. White Pine County would like to purchase display advertising in multiple publications in European and domestic markets impacting this specific audience. The objective of this advertising strategy is to position White Pine County as an attractive ecotourism destination for a global audience that is rarely impacted by traditional Nevada marketing. Visitors to the event will occupy hotels for a minimum of 6 room nights per person. Most of the event's audience will travel to White Pine County after flying in to Las Vegas.

Pony Express Territory	PE-16-59	White Pine County Tourism & Recreation Board	White Pine County Visitors Guide	\$7,000.00	\$3,750.00	\$7,500.00	We will use the grant to offset the costs of printing the extra copies we need (10,000 to 15,000) to distribute throughout the year. Without the grant funding, the Ely Times doesn't print enough Visitors Guides to handle our needs. Also, we get the center section for our ad and information (two full pages). The new editor and owners of the Ely Times are now giving us a much broader say in what goes into the guide, as well as working to increase their printer numbers.	Ely is a community that relies on tourism to sustain and supplement their economy, creating and printing the annual visitor's guide is paramount in this endeavor. With the help of TravelNevada's grant program they have been able to print the White Pine Visitor's Guide. They use this visitors guide as their number one fulfillment piece for all inquiries and distribute them at all the Travel Trade Shows they attend. They are also distributed to key visitor's centers throughout the state.

They feel that the Visitors Guide is paramount for rural exposure and they distribute the Nevada Visitors Guide at every travel/trade show and event they attend making the Nevada Visitors Guide the number one piece of collateral material they hand out and they would like to be represented in it.

Reno-Tahoe Territory	RT-16-61	The Rotary Club of Reno Sunrise	Edible Pedal 100	\$5,000.00	\$4,000.00	\$56,200.00	Nevada Commission on Tourism funds will be used to continue the Edible Pedal 100's out of state promotion to individuals who may not otherwise come to Nevada for traditional reasons. This promotion purchases internet advertising. Specifically, The Edible Pedal 100 is contracting with an internet advertising provider to create and manage a pay per click advertising campaign. Online display ads will be created and target riders searching for bicycle related goods. The ad will appear in the banner or sidebar section of the webpage they are viewing. If the user clicks on the ad we will be charged. The user will be taken to a special landing page on the Edible Pedal 100 website. The landing page will encourage registration in the Edible Pedal 100 and advertise why Northern Nevada is a destination for cyclists. The bulk of the \$5,000.00 will be used for the above campaign. The balance will be budgeted for display ads on various bicycle related websites that either advertise cycling events or products.	The objective of this grant is to promote Nevada to a bike riding audience that may not otherwise consider visiting Nevada. The 2016 grant funds would be used to continue the internet advertising begun with the 2015 grant funds. The out of state promotion is done in three separate manners - the internet, the website advertising, and flyers, signs and banners promoting the event. Generally, the objective of the project is to provide a recreational and challenging bike ride featuring northern Nevada and outstanding Nevada sourced foods at the five ride stops and the post-ride bar-b-q. The ride increase from 556 riders in 2011 to over 900 riders in 2015. They received \$5,000 last year.
