TRAVELNEVADA LOGO GUIDELINES

SPACING AROUND LOGO

A good rule of thumb is to give the logo the amount of space that the "N" in the logo uses as a cushion around the logo for clearance.

MINIMUM SIZES

The rule of thumb for minimum sizing is legibility of the website. As a general rule, the logo should be no smaller than one inch in width.
LOGO USE ON PHOTO BACKGROUNDS

If the photo background varies in tone and contrast, drop shadows or outer glows may be used. These should be as subtle as possible.

Incorrect uses of drop shadows and outer glows, along with other incorrect uses are shown on the next page.
